Everyone in my family loves music! We've got speakers in the kitchen and before school we listen to music on Dad's mobile phone. My favourite music is rock. I also love hip hop dancing and at the weekend I sometimes go to a party with my friends. I couldn't dance very well until a year ago, but now I'm quite good at it.

I like classical music best of all. My favourite composer is Mozart and I listen to his music on my tablet. Did you know that Mozart could play the piano when he was four years old? I play the piano, too, but not as well as Mozart! I'm a fan of Irish music, too and I went to an amazing festival with my dad on Saturday.

All of my friends love karaoke singing. This is when you use a microphone and a special machine to sing a song. I don't like singing. I prefer to download music from the Internet and listen to it on my mobile phone. I also like watching music videos on my laptop and on TV.
